Our Philosophy. At The Natural Funeral, we believe ecological and holistic death care choices offer healing for our client families and the Earth.

Legal Regulations. There may be instances where legal regulations require the purchase of items you did not specifically request. If this occurs, we will provide a written explanation on the Statement of Goods and Services. For inquiries about your funeral agreement, you can contact us directly. If you have questions regarding regulations that apply to your funeral agreement, please contact the Colorado Department of Regulatory Agencies at (303) 894-7855.

No Embalming. The Natural Funeral focuses on natural death care and does not perform embalming. In Colorado, embalming is not legally required. The regulations for natural burial, including the requirements for grave liners and outer burial containers, may vary by cemetery.

Pricing. To guarantee pricing, discuss prepayment with us. For individuals on hospice, we will honor the price quote provided at the original time of contact. Pricing does not include applicable sales taxes.

Payments. Payment is required prior to the delivery of services. We accept cash, checks, cashier's checks, ACH transfers, Venmo, money orders, pre-funded arrangements, verified life insurance assignments with a 4% service fee, and credit cards.

Veterans' Benefits and Medicaid. As a veteran-owned business, we are honored to support families using veterans' benefits and offer a \$300 discount for the veterans we take into our care. We also accept Medicaid payments and offer discounts to Medicaid families.

Children's Discount. At The Natural Funeral, we understand that the death of a child can be uniquely challenging. For this reason, and as a service to our community, we are honored to offer a 75% discount on services to the families of children aged 12 and younger.

Meeting Your Needs. Should you have any questions or special requests, please don't hesitate to ask. Just because a specific option has not been listed does not mean it is unavailable. We are honored to plan a funeral service tailored specifically to your needs.

We believe ...

that meaningful ceremony at life's milestone moments, especially at death, promotes healing.

that beauty uplifts us in our grief.

that honoring and caring for the body of a loved one can ease our letting go.

that green burial, Terramation (a.k.a. natural organic reduction), and water cremation honor the Earth and protect it for future generations.

Outer Burial Container Price List

State or local law does not require that you buy a container to surround the casket in the grave. However, many cemeteries require that you have such a container so that the grave will not sink in. Either a grave liner or a burial vault will satisfy these requirements.
